

Innovative Mobile Barcode Solutions

alternative to coupons and tickets by allowing members of the public to receive eco-tickets™

and eco-coupons™ to their mobile phone.

US-based OzNet Systems builds its business on encouraging companies to consider environmental responsibility when undertaking purchasing,

acquiring technology solutions and implementing their business strategies.

On the partnership Anthony Ozogu, CEO, OzNet comments, “The cutting-edge and environmentally friendly innovations of Mobiqua are a perfect match for our business model. We anticipate rapid growth of mobile phone barcode usage for products and services redeemed in the US.”
